Intentional Church Launches iGroups Ahead of Fourth Anniversary

Small group ministry begins September 13 as the Powder Springs church prepares to mark four years on October 11

POWDER SPRINGS, GA. Intentional Church will launch iGroups, its small group ministry, on September 13, 2026. Registration opens August 15, 2026. Time and location will be announced. The launch comes four weeks before the church marks its fourth anniversary on October 11, 2026.

iGroups moves the center of gravity at Intentional Church from the Sunday service into smaller rooms. Groups are built around shared meals and honest conversation and are designed for people who have attended a service without ever feeling like they belonged to it.

The effort is led by Executive Pastor Regina Guidry, who serves alongside her husband, Lead Pastor Anthony Guidry. Guidry is an occupational therapist of nearly thirty years, a career spent helping people regain independence and return to the ordinary activities of daily living after illness or injury.

“A service can gather a room. It cannot make anyone feel known. Groups are how we make sure people are not just attending something, they belong to somebody,” said Regina Guidry, Executive Pastor of Intentional Church. “Feed people and something happens. That is not a strategy. That is how this has always worked.”

Intentional Church was founded in 2022 and is a registered 501(c)(3) nonprofit. It describes itself as multicultural, multigenerational, and modern, and meets Sundays at 11:00 AM at 4110 Austell Powder Springs Rd, Suite 155, Powder Springs, Georgia. Its stated mission is building people and changing lives, and its tagline is that it is a place where every story matters.

The October 11 anniversary is open to the public and requires no registration.
